10 minutes discussion

Have you ever participated in Parkour? What do you think about doing it? Do you think it brings more creativity and a better attitude to life? Why /why not? Will it even boost your confidence? Give reasons why you should do Parkour! How does it affect the body and mind?

The Big Debate

Australia is suffering from heatwaves. A **natural disaster** is a sudden event resulting from natural processes of the Earth like heatwaves, bushfires and floods. Is global warming leading to an increase in natural disasters? How do they affect the environment? What other natural disasters are there? How can we protect ourselves from a natural disaster? Discuss reasons for extreme weather.

Answers:

Australia's deadly relationship with heat

- 1) December and January
- 2) More than 500 people
