10 minute discussion

Just recently there was a terror attack in Sweden as well. How did you feel when you heard about it? Do you feel safe in Sweden? Do you avoid certain places when you are in a big city? Do you think we have a strong police presence in our cities? Do you think we need information about how to react in a terror situation? Discuss in class.

The Big Debate

You heard about a law in Guyana that dated back 124 years, a law that applies to transgender people. What does the law say in Sweden for transgender people? What rights are there? What are the human rights in general? What are the human rights in Sweden? What are the human rights in the world? Use Internet and google to find out more about human rights.
