# Newsreel 1/2013

## Script and Word list

### Signature

**CD:** This is Newsreel Easy. I'm Christine Demsteader. In today's programme;

- There's bad weather in the UK and schools are closed
- Elephants in Africa can disappear forever
- And a Justin Bieber concert is just too loud

### • Weather around the world

**CD:** Schools have closed in the UK because of bad weather. Some airports have closed too.

The winter weather has been colder than usual. It has been snowing all around the country.

But in Australia it is summertime now. The city of Sydney had the hottest day ever. It was 46 degrees.

What kind of weather do you like best? Do you like the snow or do you like the sun? We asked pupils at the Tanto International School in Stockholm about their favourite type of weather.

**CD:** Shri, tell me what type of weather you like and why?

**Shri:** *It would be the summer because I can also go sunbathing, swimming. I really like running around so that's the main reason.*

**CD:** And what's your favourite type of weather and why?

**Zeid:** *I really like summer because in the summer we go to my grandparents in Tunisia and we go to the beach sometimes and have great fun. So that's why I like the summer.*

**CD:** Alexandra, what's your favourite type of weather and why?

**to close** *att stänga*

**to disappear** *försvinna*  
**loud** *högt*

**airports** *flygplatser*

**vanligt** *usual*

**hottest** *hetaste*

**to sunbathe** *att sola*  
**to run around** *att springa runt*  
**main reason** *huvudorsak*

PRODUCENT: CHRISTINE DEMSTEADER

**Alexandra:** *My favourite type of weather is probably the winter weather because of the frost and the snow. When the sun shines on it, it's like it sparkles because it looks like diamonds hanging off.*

**CD:** What's your favourite type of weather and why?

**Joel:** *I have two favourite types of weather. I like summer because me and my family can go to the beach and swim. And I like when it snows because we can make snowmen and have snowball fights.*

**• African elephants in danger**

**CD:** African elephants could disappear forever.

The number of African elephants left in the world is going down.

That's because they are being killed. Hunters kill elephants for their tusks.

Their tusks are made of ivory. The hunters sell the ivory for a lot of money.

If the hunters continue, African elephants could become extinct.

That means there won't be any left in the world.

**• Justin concert just too loud**

A woman in America took her daughter to a Justin Bieber concert.

She said the concert was so loud, she can't hear properly now.

It wasn't the music that was too loud. It was the screaming from Justin Bieber's fans that was too loud.

Now, the mum is going to sue Justin Bieber. She wants the pop star to pay her money.

She wants nine million dollars because she has problems with her ears.

That's a lot of money. It's around 58 million Swedish crowns.

**CD:** That's all from Newsreel Easy for now. Have a look at our Facebook page – UR Engelska. I'm Christine Demstader. Thanks for listening.

**probably** *troligen*  
**to shine** *här; att skina*
