## KORTFILMSKLUBBEN ENGELSKA

### Stutterer

#### Before watching:

*Aloud and with a friend, read through the vocabulary list and all the points below.*

#### Talk in pairs:

What do you know about stuttering? Why does it occur?

#### During the film:

Try to notice the difference between the spoken, written or thought word. Do you detect any changes in music, fluency, and type of vocabulary?

Write notes and keywords to answer the questions.

#### After watching – talk with a friend, using your notes.

1. For how long has the couple been chatting online?
2. What is his job?
3. How does Umbrella broadband react when he calls them?
4. How does the dad help?
5. What does Ellie want?
6. What is his first reaction?
7. What happens when the girl asks for the way to the café?
8. Why does he get a band-aid on his nose?

#### Discuss:

“Music is the pleasure the human soul experiences from counting without being aware it’s counting”.

What do you think he feels when his dad helps him to make the call to Umbrella Broadband?

Do *you* tend to make snap judgments? When and how? Give some examples.

What do the filmmakers do in order to let us understand that he is nervous? Mention some scenes from the film.

At the end – do you think he knew from before going to see Ellie how she would talk? Motivate your answer.

### Projects:

Learn more about stuttering here:

<http://www.healthline.com/health/stuttering#Overview1>

Choose another disability to learn about and relate in English what you have learnt to your class with the help of a poster.

Learn the words from the list and use 7-10 of them in writing your own play or a fictional piece of writing.
