DIALOGMANUS

YEMI

Hm... this isn't easy...

YEMI

"Difficult", eleven letters. What could that be?

YEMI

Hello? Harry! Earth calling!

HARRY

Ah! You scared me!

YEMI

Sorry, another word for difficult. Eleven letters. What could that be?

HARRY

Hard.

YEMI

Hard? No, that's four letters.

HARRY

I'm talking about this. I need one colour on each side.

YEMI

Aha, yeah, that looks hard.

HARRY

It is hard - even complicated.

YEMI

C-o-m-p-l-i-c-a-t-e-d. Complicated. Eleven letters. That's it! And it's Amira time!

AMIRA

Hey guys!

YEMI

Hi!

AMIRA

What's up with him?

YEMI

It's complicated. Where have you been?

AMIRA

At my friend's place, watching a TV-series. That's why I'm late.

AMIRA

What are you watching?

FRIEND

I'm watching a TV-series.

AMIRA

What's it about?

FRIEND

It's about a big family.

AMIRA

Who's the girl with the glasses?

FRIEND

She's the youngest sister and owns the bar.

AMIRA

Okay. She looks sick?

FRIEND

Yes, she's pregnant but doesn't know it.

AMIRA

Okay. Who's the blond girl?

FRIEND

She's the daughter of the man living in the big villa.

AMIRA

Ah. And who's the guy, with the long hair?

FRIEND

That's her secret boyfriend.

AMIRA

Secret boyfriend?

FRIEND

Yes, he comes from a poor family and she comes from a rich one.

AMIRA

Okay, now I get it!

FRIEND

-but really, they are siblings.

AMIRA

Eh... What?

FRIEND

Yeah. The rich guy, her dad, spent a night with his mom, the one with the glasses, and then they had twins and took one each.

AMIRA

Okay...

FRIEND

And that guy, the one crying, is the blond girl's grandfather whose cousin's daughter's brother-in-law's grandmother's nephew is the father of the youngest sister's baby.

AMIRA

Okay, so the blond girl's cousin's daughter's brother-in-law's

grandmother's nephew is the father of
the youngest sister's baby?

FRIEND

Exactly! You got it!

AMIRA

No. Not really!

YEMI

And Harry thinks his cube is
complicated!

HARRY

No, it WAS complicated.

AMIRA

So it's not complicated anymore?

HARRY

No, I found a solution.

YEMI

A solution?

HARRY

Yes, a clever solution.

HARRY

Now I'm just going to put it back
together.

HARRY

Which seems even more complicated...
