Do you have a role model or is there somebody who inspires you? Who is it? Why are they your role model? Do you think that it is important to have a role model or an inspiration in life? Do you think *you* could be a role model? What kind of characteristics should a role model have? What is important to you?

This leads to young people buying more things to get *instant gratification* and it can maybe make them addicted to shopping. Do you think companies should target young people in the advertisements and promotions?

Pick a side and debate the topic:

promotions.
