After the episode

D. Write the missing word on each line in the summary of the episode. Choose from the words that you practised before the episode. Some of the words will be left out and some might have to change grammatically.

Cleo thinks Ruby is _____ for taking the gun with her. But Ruby doesn't think it's a big deal since it's only a soft air gun. It's not a real _____. They all start taking photos with the gun and Cleo uploads one photo on social media. Ruby thinks Elijah looks like a real James Bond in his photo. When Cleo takes the gun, she accidentally fires it and they realise it is _____. It is a real gun! They get scared and run away because they feel someone is _____ them. In the woods they start to argue and blame each other for the situation they're in. Ruby admits it was a _____ to climb through that open window.

E. Take turns and read the summary out loud with your friend. Check that the words on each line sound correct.

F. Work in pairs. Answer the questions.

1. What do you think Elijah, Ruby and Cleo should have done once they realised it was a real gun?

2. Why do you think they ran away instead of talking to the security guard or the police?

3. Do you think that they have committed a crime/broken the law? If yes, what law have they broken? What will the police do with them?

The gun – Episode 3: We could have killed someone

4. Is it ok for the police to talk to the children alone in a room without their parents? What do you think? Why? Why not?
