My Favourite Song

Rhitan Ghosh's favourite song

LINA LEHN:

What do you do when you're bored? Rhitan Ghosh listens to his favourite tune.

RHITAN GOSH:

My name is Rhitan Ghosh and my age is 12. And I live in Howrah. Howrah is very close to Calcutta. My favourite tune is the Jingle Bells Tune.

ANDERS:

Jingle bells, Jingle bells dadadada. That one?

RHITAN GOSH:

Yes.

That tune inspires me and I like that tune very much. And it's like a musical.

When I get bored and I not have nothing to do I like to hear music especially when I am going to a long journey and I getting bored inside the car I like to hear the music.

ANDERS:

How do you listen to music, with what?

RHITAN GOSH:

... it was like a USB of small size and I have to connect the headphones with that and sometimes when I am in the car on the music player in the car and I listen to the song.

ANDERS:

Your friends, do they listen to same music as you?

RHITAN GOSH:

Some of my friends like other music like the modern music. But I don't like the modern music, I like the old classical music.

LINA LEHN:

Jingle Bells is one of the most famous Christmas songs in the world. It's been translated to many different languages and been recorded in lots of different versions.

Rhitan Ghosh's favourite tune is Punjabi Jingle Bells and is a popular video on Youtube.

Anders Edgren interviewed Rhitan Ghosh in India. Ingela Håkansson was our sound engineer. The programme was produced by Pamela Taivassalo and by myself, Lina Lehn.
