## Script and Word list

Hello! My name is Priscilla Tillett and I am 12 years old. I live in the only English speaking country in Central America. It is very small with only about 300.000 people living here, and only 20.000 in the capital. My country starts with a "B", just like the capital which is called Belmopan.

I live in a small town in the north of the country. It is called Corozal and it is a quiet place. It is very close to our neighbouring country Mexico. Sometimes on the weekends my father takes us to a beach in Mexico called Mahahual. It is very pretty.

My country is also on the coast and it has many islands. Sometimes we go to one of them, Key Caulker, to go snorkeling. I love it. The water is crystal clear and blue. We actually have the second largest barrier reef in the world.

But we also have lots of forests in our country. And in the south there is a mountain called "The Sleeping Giant" because when you pass it on the road it looks like a sleeping giant.

Have you already guessed what country I'm from? If not, here are a few more clues.

There are many different types of people here. I am a Creole and I speak Creole at home. It is similar to English but it sounds different. In English I would say "My dog got away" but in Creole it would be: "Mi dog get way". We also have Mestizo that speak Spanish and Maya and Garifuna that speak their own language. But at the end of the

When I am not in school I like to play basketball with my brother, or baseball. But football, soccer, is also a big sport here.

*Sounds: playing football. Cooking and eating*

The most typical food here is rice and beans. We eat it on Sundays with chicken and potato salad. I also like fish and lobster. For breakfast I have cereal, but sometimes if there are leftovers from the night before, we have Johnny Cake which is like a biscuit.

*Priscilla and her friends sing*

I listen to different types of music but I really like Mr Peters. He died recently but he sang mostly in Creol so I could understand it. His songs are about hard times. For some people in my country it is difficult to make money.

*Music: "Bilhine Mibak Dehn Taak" by Mr Peters' Boom & Chime*

Maybe you know where I'm from now?
