My Secret Land 15 Oliver

Script and Word list

Signature

Hi my name is Oliver Sutherland. I'm 11 years old and I'm from a large country in the Pacific. We produce more milk than any other place in the world. We also have more than 30 million sheep.

We're surrounded by two seas and one ocean. There aren't so many people living here. The capital city of my Country is Wellington.

We see the sunrise before anyone else in the world. We are always a day ahead of you.

You could also say that I walk upside-down.

Sounds: Music "Theme from Star Wars"

I watch a lot of action movies. My little brother Johnny and I like to pretend we're characters from the movies. Our favourite is Star Wars. We have sword fights with sticks we found in the forest on our camping trips.

My favourite character to play is Obi-Wan Kenobi.

And what's your favourite Johnny?

Johnny: Anakin Skywalker!

Sounds: Star Wars episode 3

Speaking of movies the actor Russell Crowe was born here. As was my favourite director Peter Jackson, he filmed The Lord of the Rings not far from my house. It was amazing to see our mountains at the movies.

Sounds: Lord of The Rings

There are many different exotic creatures living around us.

Our nick name comes from a flightless bird, the Kiwi.

Pacific Ocean *Stilla Havet*
large *stor*
sheep *får*

sea *hav*

capital *huvudstad*

sunrise *soluppgång*

ahead *framför*

upside-down *upp och ner*

pretend *låtsas*

character *roll*

born *född*

director *regissör*

mountains *berg*

creatures *varelser*

We have lots of native birds even prehistoric ones, but my favourite is the Tui, We sometimes have them singing around our house. It's incredible how it can make noises like cats and dogs, even mobile phone ring tones.

Music

I have a distant relative from Fiji, which is a nearby island in the Pacific Ocean. Fiji has many golden sand beaches, but the beaches near me have thin black sand full of iron that gets so hot in summer it's hard to walk on.

Have you figured out my country yet?

Sounds: Rugby match

The *All Blacks* are our national rugby team, I like watching them play. They often do very well in the Ruby World Cup. Before a match they perform a war dance called the HAKA, the dance was invented by the Moari.

Sounds: Oliver performing the Haka

Music: "Sittin' Pretty" by The Datuns

My dream is to bungee jump of our tallest building. Bungee jumping is kind of scary, you are tied to an elastic rope and you jump off either a bridge or a tall building and you bounce upside down. It was invented here.

Music "Muriwai"

We have a very special accent, to others it sounds close to our much larger brother Australia. Some people mistake us for them. Australian people like to make fun of our accent. They think we sound strange, especially when we say fish and chips, because they think we say "fush and chups". Anyway we love to eat fish and chips every Friday night.

Music "How Bizarre" by OMC

Have you figured out my country yet?

Well I think it's a hard one to guess... we are pretty small., and there's not so many people living here and we're very far away from anywhere...

Drumroll

My name is Oliver and I come from.....New Zealand! Bye! Hej då.

End signature

prehistoric *förhistoriska*
