### Programmanus

av Kate Holland

Hi, and welcome to Newsreel Easy. I'm Kate Holland.

Coming up:

- Why women's football has grown in popularity

*Amelie: It's just the atmosphere, it's brilliant. Everyone comes together, and yeah it brings everyone together, it's beautiful.*

### Five British men released from Russian prison

But first...

Five British men were released from a Russian prison as part of a prisoner swap.

The Russian military has put hundreds of Ukrainian soldiers in prison after they invaded Ukraine earlier this year.

The five British men - who were fighting on the Ukrainian side - were released with hundreds of other soldiers.

Aiden Aslin, one of the British men who were released, said he would fight for Ukraine again.

*Aiden Aslin: If I knew everything that was going to happen, I would still go back and do it again.*

When was the last time you watched a women's football match?

More and more people are playing and watching women's football after the England team won the UEFA Women's Euro championship this summer.

*Kelly's in there. Kelly scores for England. England 2, Germany 1, after 110 minutes.*

Women in the UK were banned from playing professional football between 1921 and 1971 but most big clubs now have a women's team.

A new football season has recently started, and a record number of fans went to see the Arsenal vs Tottenham Hotspur women's game on the 24th September.

I went to the Emirates stadium in North London to watch the game

I spoke to Amelie, who is 15 years old, about what she thinks about the popularity of women's football.

*Amelie: I think it's good and much more inclusive.*

Amelie says she thinks football is much more inclusive, which means it is now more open to women.

*Kate: What did you enjoy about today's match Amelie?*

*Amelie: It's just the atmosphere, it's brilliant. Everyone comes together and just yeah, it brings people together and it's beautiful.*

*Kate: Did you watch the women's England team win the Euros?*

*Amelie: Yes, I did watch the women's Euros. I was with some friends at like a festival, and they put it on the big screen and everyone was just cheering. It was a beautiful atmosphere, just amazing.*

Amelie says she watched the UEFA final at a festival, where they showed the game on a big screen so lots of people could watch.

I also spoke to Imogen who is 15 years old.

*Kate: What do you think about the rise in women's football?*

*Imogen: I think it's good because for quite a few years, obviously, the men's football has been much bigger than women's. But obviously today, and the amount of people attending, it was really good.*

*Kate: And Imogen, what did you think about today's match?*

*Imogen: It's literally not that much different to the men's football. Everyone thinks it's going to be like so much different and women are going to be worse and stuff. But it's exactly the same, pretty much.*

She said the women's team played just as well as the men's team!

Thanks Imogen and Amelie.

Arsenal won 4-0, by the way.

And finally....

### **British Vogue magazine features a man on its cover for the first time**

British Vogue magazine featured a photo of a man on its front cover for the first time.

Actor Timothée Chalamet wore a blue top and a pearl necklace for his cover photo.

Timothée appeared in the 2017 film Call Me by Your Name, which saw him nominated for an Oscar.

Thanks for listening and goodbye! Speak to you all next time.
