SONG "I like eggs."

I like eggs
And I like my legs
And I like your face
But I don't like being in outer space
I'd rather be here on earth with all my friends
I like books
And I like good cooks
And I like grand dad
But I don't like seeing him when he's mad
I'd rather just wait till he calms down again
I don't like folks that fight
I don't like dogs that bite
I don't like being on my own too long
But I like you
